8:00am – 5:00pm

S8 Rhinoplasty Mastery: Refined Primary Surgery and Critical Secondary Techniques 

8 CME credits

Discounted pre-registration fee: \$450 On-site fee: \$500

Lunch will be provided.

Program Co-Chairs: Ali Sajjadian MD and Ashkan Ghavami, MD

ashghavami@yahoo.com

Presenters: Nazim Cerkes, MD, Mark Constantian, MD, Rollin Daniel, MD, Joe Gyskiewicz, MD, Bahman Guyuron, MD, Jeffrey Marcus, MD, Gaylon McCollough, MD, Enrico Robotti, MD, Rod Rohrich, MD, Fred Stucker, MD, and Geoffrey Tobias, MD

Level: Intermediate

Organization: Didactic

Desired outcomes:

Every rhinoplasty surgeon wishes to "get it right the first time". However, on the path to mastery of rhinoplasty, we must also be well-prepared to manage secondary concerns. Experts from The Rhinoplasty Society will explore refinement of techniques to master primary rhinoplasty and will introduce approaches to common secondary problems. The morning session will follow a region-by-region approach to the nose; the afternoon will focus on special topics including ethnic rhinoplasty variations, functional considerations, and recognition/avoidance of problem patients. The presenters will discuss their philosophy, nuances of primary rhinoplasty and pitfall avoidance, and reliable secondary principles. In addition, short videos of common techniques and point, counter point session will focus on specific maneuvers used in primary and secondary rhinoplasty.

Co-sponsored by The Rhinoplasty Society and The Aesthetic Society
