Munich Rhinoplasty 2017

16.02.2017 - 18.02.2017

Munich, Germany

MUNICH RHINOPLASTY 2017

FEB. 16 – 18, 2017

Date: 16.02.-18.02.2017

Place: Munich, Germany

Course Director: Prof. Dr. med. Alexander Berghaus

Web: www.orl-muenchen.de

Dear colleagues and friends,

Welcome to "Munich Rhinoplasty 2017"!

For many facial plastic surgery specialists rhinoplasty is the most fascinating and challenging topic in the field. To master all aspects of nasal surgery, every facial plastic surgeon needs to seek a profound education consisting of both theoretical knowledge and practical training.

This meeting offers a complete description of rhinoplasty procedures within three days, including live surgery and a hands-on training course with cadaver heads, under guidance of the experts. You will observe the operations through video transmission in the lecture hall, using advanced up-to-date TV technology.

I am proud and happy to present at my side Dr. Hosam Foda and Dr. Enrico Robotti, two extremely renowned and respected international teachers and experts in nasal surgery.

Welcome to Munich!

Prof. Dr. Alexander Berghaus
